

The Cobb Family

Serving People in London

Prayer Requests

- Pray for our counseling ministry as we care for people who are struggling with grief, trauma, depression, anxiety, and suicidality in the UK and across Europe. Pray for opportunities to continue to share the light of Jesus into the darkness of their pain and for the growth of new believers we are discipling through counseling.
- Pray that in the busyness of ministry, three young kids, travel, and schoolwork that we continue to be close as a family and a couple, put first things first, and that time with our Father isn't neglected in the temptation to make good things, God things.
