North African and Middle Eastern Peoples

- We praise God for making our paths straight in a move to a new city at the beginning of the year, as well as for giving us the gift of the birth of our first child in May! Ask with us for help, strength, and discernment as we continue to adjust to our new city and new roles.
- Also ask that the Father will show us clear entry points into the lives of people whose hearts He is calling to himself. (Col 4:2-6)
- Ask the Father to give hope and sober-minded focus on grace to some persecuted brothers and sisters who we have been walking with. (1 Pet 1:13)
