South Asian Peoples

- Pray for connections and training opportunities among Muslim-background believers. Pray that these MBBs would be bold and faithful in sharing the gospel among their own communities.
- Pray for Hindu-background believers receiving trainings on how to share the good news with Muslims, that they would be faithful and take ownership of the work in their own areas.
- Pray for me as I travel with my national partner doing networking and trainings in several different districts.
- Pray for opportunities to share the gospel with people I meet and open doors for ministry!
